nutritionDay 2010 – the second part

The next nutritionDay will take place at **November 4th 2010!**
This nutritionDay is open for the western hemisphere (nutritionDay US and nutriDia)
but also for those who missed the January nutritionDay 2010

Deadline Online Data Entry for ICU:

Please do not forget that the online database for nutritionDay in ICU will close for data entry on **April 26th 2010** (midnight CET).

Please send data online via our website www.nutritionday.org → „data“. Log in with your centre and unit code and complete “sheet 2” - outcome data for each patient.

Afterwards data will be checked for completeness and plausibility. In case of inconsistencies concerning your data you will be informed via email. If necessary you will have the possibility to correct your data.

nutritionDay in hospitals and nursing homes

Participants of nutritionDay in hospitals and nursing homes will be provided with their preliminary unit report together with the feedback sheet within the next weeks! With the feedback sheet you have the possibility to correct implausible data. Please transfer data as usual by using our online database!

For participants of nutritionDay in nursing homes: please keep in mind to evaluate the outcome on **July 20th 2010!**

We expect to provide participants of “nutritionDay in Hospitals” with their final unit reports in early summer. Participants of “nutritionDay in nursing homes” can expect their final unit reports in autumn 2010.

ESPEN Congress 2010 in Nice:

Let us know if your abstract submission on nutritionDay data was successful!
Please notice that “Late breaking” abstracts may be accepted until May 17th.
(For more information please visit www.espen.org)

All facebook users have the possibility to become a friend of nutritionDay worldwide!
